SKILLS

Analytical Thinking Skills

Problem Solving Skills

Principles and Practices of Engineering

LANGUAGES

Romanian	native
English	C1

PROFILE

Adaptive and results-driven. Adept at navigating challenges and continuously enhancing expertise, I bring a proactive approach to problem-solving, strong passion for achieving excellence.

EMPLOYMENT HISTORY

Database Administrator and Systems Trainer, Ungheni
IPLT „Ion Creangă” Jun, 2021 - May, 2024

- Led a transformative initiative for a school community, creating, maintaining, and updating a comprehensive database for 45 individuals.
- Integrated Google Drive as an accessible media archive.
- Streamlined data collection and distribution timelines from 15 days to 2 days.

Played a pivotal role in instructing team members on efficient utilization of the new platform, reducing errors in calculations, automating tedious tasks, and introducing a digital archive.

- Created standardized templates and presented data in a professional, print-ready format. Demonstrated expertise in enhancing operational efficiency through innovative technology solutions.
- Configured firewalls and intrusion detection systems to protect the organization’s networks and systems

HOBBIES

Chess
Photography
Video-making
Game development
